

Resolution of the Meeting between H2KOREA and Hydrogen Europe

The Chair of GHIAA, Mr. Jaedo Moon, met with Mr. Jorgo Chatzimarkakis, CEO of Hydrogen Europe, and shared each other's views on the development of GHIAA as follows:

1. The two positively evaluated the recent development of the global hydrogen industry and **recognize the need to expand the role of GHIAA on pending issues such as the hydrogen certification system;**
2. Mr. Moon highly praised Europe's leadership in the hydrogen economy and **requested that Mr. Chatzimarkakis serve as the Vice-Chair of GHIAA, and Mr. Chatzimarkakis agreed;**
3. The two also **acknowledged the need to actively promote the additional members of GHIAA other than the current 18 members of GHIAA, and highlighted the need for outreach activities with international hydrogen-related organizations;**
4. And the two shared the idea to **hold the 2nd GHIAA General Meeting this year on the occasion of Hydrogen Europe Flagship Event & Expo to be held in Brussels on October 25th, 2022.**
